Zucchini and Goat's Cheese Crostini

Tinpot Hut Marlborough Sauvignon Blanc 2023 \$23.50

Wow! This is a crisp kick in the pants if ever I tasted one. Erupting with lemon zest, sweet pea, peach, and passionfruit brightness, this new sauvignon from Fiona Turner also offers a lovely lick of jalapeno to finish. It's a sauvignon that has everything going for it including Artificial Intelligence and personal assistant skills. For example, even though I consider myself a strong, intelligent, educated woman, I still need a large glass of it to help me spell words like "Wed-nes-day", "liaise" and "licence". And its talents also include being beyond triumphant with anything featuring goat's cheese. tinpothut.co.nz
